

INMIDIA

DIGITAL GROWTH & CREATIVE SOLUTIONS

COMPANY PORTFOLIO

Shivam Maurya
Founder & Creative / Digital Marketing Professional

GRAPHIC DESIGN • DIGITAL ADVERTISING • WEB • VIDEO • BRANDING

A modern creative and digital-growth company focused on building strong brands, effective campaigns and professional digital experiences.

01 / COMPANY PROFILE

INMIDIA is a creative and digital marketing company built around one simple approach: strategy first, creative second, measurable execution throughout. We combine design, advertising, web and content into a connected digital workflow.

OUR MISSION

Help businesses communicate clearly, reach relevant audiences and build a stronger digital presence.

OUR APPROACH

Understand the business → define the objective → build the creative → launch the campaign → measure → optimize.

OUR FOCUS

Brand identity, social media creatives, Meta advertising, websites, video content and campaign support.

OUR PROMISE

Professional presentation, clear communication, structured execution and continuous improvement based on available data.

CORE CAPABILITIES

01	Graphic Design	Logos, brand identity, posters, banners, social posts, thumbnails and ad creatives.
02	Digital Advertising	Meta/Facebook/Instagram campaign planning, audience structure, creative testing, tracking and optimization workflow.
03	Web Design	Responsive business pages, landing pages and campaign-focused web experiences.
04	Video & Content	Product videos, social edits, promotional content and creative assets.
05	Photo Editing	Marketing-ready product images, background work and professional image preparation.
06	Data & Support	Data entry, document formatting and operational digital support.

03 / META ADS CASE STUDY

ROYAL THREADS — Jaipur Fashion & Online Store

SAMPLE CAMPAIGN • DIGITAL MARKETING CASE STUDY • ILLUSTRATIVE DATA

BUSINESS GOAL	Increase qualified website visitors, product enquiries and online purchases.
OBJECTIVES	Sales / Conversions • Website Traffic • Product Discovery • WhatsApp Enquiries • Retargeting
TARGET AUDIENCE	Jaipur + nearby areas • Age 18-40 • Men & Women • Online shoppers • Fashion & Clothing • Instagram engagers
CAMPAIGN STRUCTURE	Sales/Conversions → Cold Audience → Interest/Shopping → Retargeting — Website & IG Engagers
CREATIVES	Product image • Vertical Reel • Carousel • WhatsApp enquiry variation • Hook/Copy/CTA testing
PLACEMENTS	Facebook + Instagram • Feed • Reels • Stories • Advantage+ placements where appropriate
BUDGET	Sample starting budget: ₹500/day • Test period: 7-14 days • Adjust using campaign data
TRACKING	Meta Pixel • Conversions API where applicable • Google Analytics • UTM Tracking
KEY EVENTS	PageView • ViewContent • AddToCart • InitiateCheckout • Purchase
OPTIMIZATION	Monitor → identify weak creatives → improve hooks/copy → test audiences → retarget → scale after consistency

Reporting: Spend • Reach • Impressions • CTR • CPC • Leads/Purchases • CPA • ROAS. Campaign figures are illustrative and actual performance varies.

04 / CAMPAIGN MANAGEMENT — VISUAL

Professional laptop mockup demonstrating how a campaign-management workflow can be organized for a portfolio presentation. This is a DEMO/SAMPLE visualization, not a real client account screenshot.

Workflow shown: Campaign → Ad Set → Ad → Audience → Placements → Budget → Tracking → Optimization. Any performance numbers visible in the mockup are illustrative.

05 / CREATIVE & CAMPAIGN WORK

STYLEHUB — FACEBOOK & INSTAGRAM CAMPAIGN

Strategy board covering business goal, target audience, objective, creative, targeting, placements, budget, tracking and sample/estimated results.

LOCAL BUSINESS — END-TO-END CAMPAIGN PLAN

Portfolio example showing client overview, audience segments, campaign setup process, targeting, budget strategy, tracking, optimization and reporting.

06 / INMIDIA WORKFLOW

01	DISCOVER	Business, product, offer, audience and goal.
02	STRATEGY	Platform, funnel, audience and campaign structure.
03	CREATE	Creative concepts, ad copy, hooks, CTA and landing direction.
04	SETUP	Campaigns, ad sets, ads, placements, budget and tracking.
05	TEST	Creative, messaging and audience variations.
06	OPTIMIZE	Use available performance data to improve delivery.
07	REPORT	Clear metrics, insights and next-step recommendations.

LET'S BUILD SOMETHING STRONG.
